Letter of Support

Hereby, I express my full and sincere support for the establishment of the Red Terror Museum in Tallinn, Estonia, to serve both as International Research Centre for the Crimes of Communism, and Museum.

The location for the Red Museum Terror – to cover the Nazi atrocities as well - in the Patarei fortress-prison is an excellent idea. I have visited that prison in August 2017 during the commemoration of the Victims of Communism and Nazism in Tallinn organized by the Estonian Presidency of the EU.

I express my conviction that by establishing the Red Terror Museum on the initiative of the Estonian Institute of Historical Memory and with support of the Estonian government will contribute to expanding our knowledge about the terror perpetrated by the Soviet and Nazi regimes in Estonia and other East and Central European countries that experienced mass killings, including my country, Moldova. I hope that this initiative will serve as an example to be followed by other governments in the region, including my government, the Moldovan one.

Kind regards,

Igor Caşu, Ph.D. (Jassy University, Romania, 2000)
Fulbright Alumnus (2000; 2016 Stanford)
